---

**\*\* Column H: Include other reasons for custody, i.e. births at the facility, or animals taken into custody for a reason not designated by another category. An explanation is required.**

The 35 in Column H were born into rescue from pregnant momma cats.

---

**\*\*\* Column L: Names and addresses of Virginia releasing agencies to which animals were transferred.**

N/A

---

**\*\*\*\* Column P: Include other methods of disposition, i.e. escaped, stolen, or otherwise not disposed of in a method in accordance with Virginia code. An explanation is required.**

The 28 in Column P were fostered by a volunteer who was fired in May 2021 and she took those cats with her to adopt out herself. They were strays that she had trapped and fostered herself, and the rescue did not have the foster capacity to intake those at the time into other foster homes.

---

**Other miscellaneous explanatory notes:**

Of the 41 who died in care, 17 were kittens that were pulled from a VA facility on Memorial Day Weekend by fosters in SW VA and unfortunately had already been exposed to PanLeuk. 1 cat with a grade 5 heart murmur died in his sleep, the rest for very sick neonates or cats we took in that did not make it.
